

README

About Lylia Azzouz

✳️ I am an ambitious Algerian student currently enrolled in my first year at ENSTICP, studying network and telecom. With a deep passion for front-end and Android development, I have demonstrated a commitment to delivering high-quality designs and bring a wealth of knowledge and expertise to every project I undertake.

Skills and Expertise

- 🖥️ **Front-end Development:** Building responsive websites that leave a lasting impression by weaving creativity and technical skills together.
- 📱 **Android Development:** Crafting intuitive and engaging mobile applications.
- 🎨 **Content Creation:** Proficient in creating diverse forms of content including reels, social media posts, infographics, and videos.

Skills

- 🌐 **HTML**
- 🎨 **CSS**
- 🚀 **Tailwind**
- 🎨 **Bootstrap**
- 🖥️ **JavaScript**
- 🛠️ **Git**
- 🌐 **GitHub**
- ⚡ **VSCode**
- 📱 **Android Studio**
- 🖥️ **Kotlin**
- 🖥️ **C**

Achievements

- ✳️ **Social Media Influence:** Gained more than 70k followers on my tech-focused platform, @codewithlylia, where I share my knowledge and projects.
- 🎓 **Internship Experience:** Completed a notable internship at Algérie Télécom, learning about commonly used equipment, its roles, and configurations. I had the opportunity to meet with engineers and observe the operations of different departments, gaining valuable industry insights.

Community Projects

- 📚 **Kids in Need:** Contributed to community projects focusing on providing supplies for students and raising mental health awareness among children in need.
- 🌍 **Better Tomorrow:** Worked on initiatives aimed at supporting Sustainable Development Goals (SDGs) related to education and well-being.

Focus on Sustainability

🌱 I am particularly interested in addressing sustainability challenges, with a special focus on Climate Action. My current projects aim to support SDG goals by providing supplies for students and raising mental health awareness among children in need.

Professional Goals

🎯 I am dedicated to continually improving my skills in technology and sustainability. I am also committed to using my technical expertise and social influence to make a positive impact on the community and the environment.
